UNIVERSITY OF BIAŁYSTOK

UwB in numbers

- around 10,000 students, doctoral students and participants of postgraduate studies
- approximately 1,300 employees
- 44 fields of study
- 15 faculties
- 15 scientific disciplines
- Doctoral School
- Foreign branch in Vilnius (the capital of Lithuania)

We invest in modernity

The University of Białystok Campus is the largest investment in the University's history and an architectural gem that impresses not only students.

Surrounded by a forest, modern buildings made of steel, concrete and glass provide great conditions for teaching, research and scientific development.

Jerzy Giedroyc

University Library

A modern library is close to the students, with a reading room with a mezzanine, inner courtyard and space for nearly one million volumes.

Planetarium and Observatory

Whoever wants to, they can take a look at the stars! On the campus there is a Planetarium and Observatory located in a six-storey tower with an opening dome.

At its heart is weighting several hundred kilograms unique ASA 600 telescope.

In the process...

is the construction of the humanities building at the UwB campus.

Bialystok - a student-friendly city

It is green, neat, compact, with modern infrastructure, efficient public transport and an extensive network of bicycle paths.

Everywhere is close and easy to get to. It is impossible to get bored in the city. The range of cultural and sporting activities is extensive: theatres, museums, cinemas, swimming pools, ice rink, town beach, racetrack and much more...
